#### **INDEPENDENT AUDITORS' REPORT**

To the Advisory Board of the FRANKLIN REGIONAL TRANSIT AUTHORITY 12 Olive Street, Suite 1 Greenfield, MA 01301

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities of Franklin Regional Transit Authority, a component unit of the Massachusetts Department of Transportation, as of and for the years ended June 30, 2018 and 2017, and the related notes to the financial statements, which collectively comprise Franklin Regional Transit Authority's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Franklin Regional Transit Authority as of June 30, 2018 and 2017, and the respective changes in financial position, cash flows thereof, and the respective budgetary comparison information for the enterprise fund, for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on page 4, and the schedules of the Authority's proportionate share of net pension liability and pension contributions on page 22, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Franklin Regional Transit Authority's basic financial statements. The supplementary information on pages 23 and 24 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 24, 2018, on our consideration of Franklin Regional Transit Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Franklin Regional Transit Authority's internal control over financial control over financial control over financial control over financial control is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Franklin Regional Transit Authority's internal control over financial control is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Franklin Regional Transit Authority's internal control over financial control control over financial control over financial control over financial control over financial control control over financial control over financial control control over financial control over financial control contr

## MANAGEMENT'S DISCUSSION AND ANALYSIS

#### For the Year Ended June 30, 2018

The Franklin Regional Transit Authority's (the Authority) discussion and analysis is designed to assist the reader in focusing on significant financial issues, provide an overview of the Authority's financial activity, identify changes in the Authority's financial position (its ability to address the next and subsequent year challenges) and identify any material deviations from the financial plan (the approved budget).

Management's Discussion and Analysis of the Authority's financial performance provides an overview of the financial activities for the fiscal year ended June 30, 2018. Management's Discussion and Analysis should be read in conjunction with the financial statements.

#### **Financial Highlights**

- The Authority's net position increased \$100,552 from fiscal year 2017 primarily due to a net increase in investment in capital assets of \$126,466 (depreciation of existing assets, additions of new assets, and disposals of old assets), and an increase in the net pension liability of \$24,598.
- Operating revenues increased \$299,606 or 7.4% from fiscal year 2017. The net increase is attributable to an increase in Fully Funded (Brokerage) services and primarily the Medicaid Brokerage segment.
- Operating expenses increased \$155,109 or 2.2% from fiscal year 2017. This was due to an increase in Medicaid Brokerage expenses under Fully Funded (see operating revenues above).
- The Authority's operations are funded annually through a required computation of the net cost of service. Except for the establishment of a restricted reserve, the Authority's funding cannot exceed its net cost of service. However, a deficit can result if funding is not sufficient to cover expenses.

#### **Overview of the Financial Statements**

The Authority is a component unit of Massachusetts Department of Transportation formed for the purpose of carrying out business-type activities in western Massachusetts communities. The Authority's financial statements consist of three main statements: a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows. Notes and supplementary information that disclose information about the nature of the Authority's business, accounting policies and additional information about specific statement amounts follow these statements.

The Authority's net position consists almost exclusively of its net investment in capital assets (e.g. land, intermodal transit center, revenue vehicles and equipment); less any related debt used to acquire those assets that are still outstanding. The Authority uses these capital assets to provide fixed route and demand response services to individuals within its service area; consequently, these assets are not available for future spending. Although the Authority's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt, if any, must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The Authority currently has no capital lease obligations or capital debt. Net position also consists of a reserve for extraordinary expenses as allowed by Massachusetts General Laws Chapter 161B Section 6(q). Unfunded deficits, if any, are reported as unrestricted net assets.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### For the Year Ended June 30, 2018

The Statement of Revenues, Expenses, and Changes in Fund Net Position report the results of both operating and non-operating activities. Increases or decreases in the Authority's net position indicate whether the financial health is improving or deteriorating. The Statement of Cash Flows, which is presented using the direct method, accounts for the change in the cash and equivalents balance between July 1 and June 30. The cash flows statement provides the detail on the cash the Authority received from and paid for operating and non-operating activities, investing, and financing activities.

#### **Summary of Net Position**

	6/30/2018	6/30/2017	Change

#### Page 4-3

## FRANKLIN REGIONAL TRANSIT AUTHORITY

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### For the Year Ended June 30, 2018

Operating revenues increased \$299,606 or 7.4% from fiscal year 2017. The details are as follows:

- <u>Fixed route income</u> increased by \$4,802 or 4.6% from fiscal year 2017 with a decrease in farebox collections being more than offset by a significant increase in ticket sales. A monthly pass was instituted in fiscal year 2018 and this has proven to be very popular and directly linked to the ticket sales expansion.
- <u>Demand response income</u> decreased by \$2,320 or 1.5% from fiscal year 2017 due to a decline in contracted services provided to LifePath. Other demand response collections were positive.
- <u>Brokerage service income</u> increased by \$297,124 or 7.9% from fiscal year 2017 due to the above cited increase in Fully Funded services provided, especially the Medicaid Brokerage.

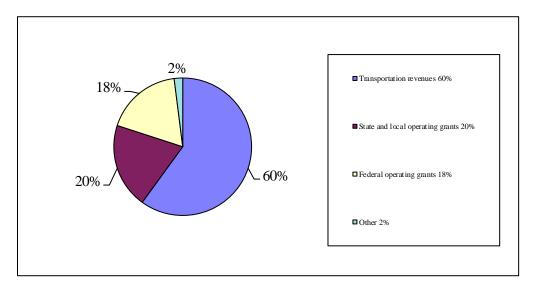

Operating expenses increased \$155,109 or 2.2% from fiscal year 2017. The details are as follows:

- <u>Fixed Route service expense</u> increased by \$45,283 or 2.7% from fiscal year 2017 due to an increase in vehicle insurance costs and the rise in employee wages as dictated by union contract.
- <u>Demand response service expense</u> decreased by \$41,043 or 4.5% from fiscal year 2017 due to a reduction in costs for demand response transportation provided by the Operating Company which is a function of driver bids.
- <u>Brokerage service expense</u> increased by \$255,580 or 7.2% from fiscal year 2017 due to the above referenced expansion in this category, particularly the Medicaid portion.
- <u>Administrative salaries, taxes and fringe benefits expense</u> decreased by \$24,669 or 4% from fiscal year 2017 primarily due to a decrease in pension expense of \$34,446 related to the GASB 68 adjustment for the net pension liability. Other components remained fairly comparable to the previous fiscal year.
- <u>Other administrative expenses</u> decreased by \$80,042 or 22.4% from fiscal year 2017 due to the decrease in expensing of small equipment purchases (covered by capital funds) under equipment and miscellaneous building expense.

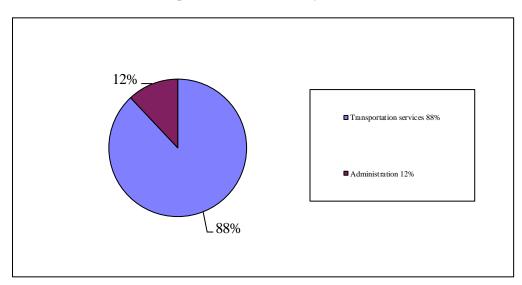

## MANAGEMENT'S DISCUSSION AND ANALYSIS

## For the Year Ended June 30, 2018

Total Operating and Non-operating Revenues of \$7,250,452 by Source

# Total Operating and Non-operating Expenses of \$7,275,050 by Source

#### Page 4-5

## FRANKLIN REGIONAL TRANSIT AUTHORITY

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### For the Year Ended June 30, 2018

**Budget vs. Actual** – an analysis of significant 2018 budget variances, including reasons for the variances that may affect future services or liquidity is as follows:

- Fixed route income was \$4,018 more than budget due to increases in ridership attributable to route changes that were put in place in fiscal year 2018 and the availability of a monthly pass which has been well received, leading to an increase in ticket sales.
- Brokerage services income was \$365,763 more than budget due to an increase in Medicaid services provided.
- Fixed route expenses were \$99,025 more than budget due to a jump in vehicle insurance costs, union wage increases for drivers, and the elevation in the price of fuel.
- Demand response expenses were \$41,830 less than budget due to reduction in demand response transportation being provided by the Operating Company (Franklin Transit Management) which is determined by driver bids.
- Brokerage services expenses were \$344,991 more than budget due to the increase in Medicaid services provided.
- Administrative salaries, taxes, and fringe benefits were \$13,124 more than budget due to an increase in the net pension liability of \$24,598, which is a non-reimbursable cost at this time.

#### **Capital Asset and Debt Administration**

#### Capital assets

The Authority's purchase of capital assets during the year ended June 30, 2018 was \$1,222,620. The Authority primarily acquires its capital assets under federal capital grants with state matching funds. The details on capital assets totaling \$16,027,687, net of accumulated depreciation, are disclosed in Note 5 of the financial statements. The purchase of capital assets includes:

	Amount				
Revenue vehicles	\$	855,826			
Equipment		34,591			
ITC Center improvements		138,510			
Construction of maintenance facility		193,693			
Total	\$	1,222,620			

#### **Revenue Anticipation Notes**

At the end of fiscal year 2018, the Authority had a revenue anticipation note payable of \$750,000 as compared to a note payable of \$750,000 in fiscal year 2017. This note provides cash flow until federal, state and local appropriations are received.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### For the Year Ended June 30, 2018

Subsequent to fiscal year end June 30, 2018, the Authority issued a new \$1,100,000 revenue anticipation note on August 10, 2018 maturing on August 9, 2019 at a rate of 2.50%. The Authority repaid the \$750,000 note due August 10, 2018.

#### **Economic Factors and Next Year's Budget**

Funding for the Authority's net cost of service (non-capital expenses less all non-capital revenues except state contract assistance and member municipality assessments) is dependent primarily (up to 75%) on operating assistance from the Commonwealth of Massachusetts. The balance (at least 25% but no more than 50%) of the Authority's net cost of service is funded also in arrears (currently 2 years back) through assessments to member municipalities. These assessments may increase annually in the aggregate by no more than 2.5%, plus the members' share of any new services.

Local assessments continue to be funded in arrears (2 years behind). This contributes in large part to the Authority's borrowing needs.

#### **Future service / funding needs**

The Authority is entering fiscal year 2019 with ongoing concerns regarding level funding, or less than level funding for State Contract Assistance. The Authority will need increases in State Contract Assistance for future years, given annual cost increases, if the current level of service is to be maintained.

Fare increases have been put in place for the start of fiscal year 2019 as a means of providing a contribution to offset ever increasing operating costs. As well, additional route changes will be occurring to deal with under utilized routes/times of service and other modifications in routes and times in an effort to offer more attractive scheduling and therefore enhance ridership while keeping expenses in check.

The Authority has extended its maintenance facility lease but continues the process of acquiring property as a site for the construction of a maintenance facility of its own. The Authority has been awarded a Federal grant to pay for 80% of the project with the State having provided the other 20%. The Federal grant is considerably less than had been applied for but engineering and design work is underway to produce an adequate maintenance facility with the funding available.

#### **Requests for Information**

This financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the Authority's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Franklin Regional Transit Authority, 12 Olive Street, Suite 1, Greenfield, MA 01301.

#### NOTES TO FINANCIAL STATEMENTS

#### June 30, 2018 and 2017

#### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Reporting Entity**

The Franklin Regional Transit Authority (the Authority) operates under Massachusetts General Laws (MGL) Chapter 161B as a body politic and a corporate and political subdivision of the Commonwealth of Massachusetts. The Authority is a component unit of the Massachusetts Department of Transportation. Massachusetts provides funding to the Authority. Its members consist of forty towns in Franklin, Hampshire, Hampden and Worcester counties. It has a general responsibility to develop, finance and contract for the operation of mass transportation facilities within its territory. It is authorized to improve, modify, or extend existing facilities and enter into agreements with other parties, including government agencies, municipalities, authorities, private transportation companies, railroads, corporations, and other concerns, providing for construction, operation and use by such other party of any mass transportation facility or equipment of the Authority.

The Authority's activities are managed by an administrator who is appointed by an Advisory Board which is made up of the chief elected officials or their appointees from the member communities. The Authority's operations are primarily funded through passenger fares, contractual reimbursements and operating subsidies from the federal and state government and member municipalities. In addition, the Authority receives capital grants from the federal and state government to finance acquisitions and improvements of facilities and equipment.

#### **Basis of Accounting**

An enterprise fund is used to account for the Authority, which is maintained on the accrual basis of accounting.

The Authority uses proprietary fund accounting which follows all Governmental Accounting Standards Board (GASB) pronouncements. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing transit services to the general public. The principal operating revenues consist of passenger fares and contract reimbursements for demand response transit services provided to agencies of the Commonwealth of Massachusetts. Operating expenses include the cost of transit services provided by third party vendors, administrative expenses and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### **Fund Net Position**

Fund net positions are classified as follows in the Authority's financial statements:

#### Invested in capital assets, net of related debt

The portion of net position represented by capital assets less accumulated depreciation, less outstanding debt incurred by the Authority to buy or construct them. The Authority uses these capital assets to provide transportation services; consequently, these assets are not available for future spending. Although the Authority's investment in its capital assets is reported net of related debt, the resources needed to repay this debt, if any, must be provided from other sources, since these capital assets themselves cannot be used to liquidate these liabilities.

## NOTE 1 - (Continued)

#### Restricted

Amounts that can be spent only for specific purposes because of state laws, or externally imposed conditions by grantors or creditors. The Authority has a Restricted Reserve established for the purpose of meeting the cost of extraordinary expenses in accordance with Massachusetts General Laws, Chapter 161b, Section 6(q). At June 30, 2018 and 2017, the Authority's reserve balance was \$89,040.

#### Unrestricted

All amounts not included in other spendable classifications.

#### **Revenue Recognition**

Operating assistance and capital assistance are recorded at the time eligible expenditures under the terms of the grants are incurred.

#### **Budgetary Basis of Accounting**

The Authority follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. The Administrator presents to the Advisory Board a proposed budget by May 1, each year, for the fiscal year commencing the following July. The budget includes proposed expenditures and the means of financing them.
- 2. By June 1, each year, the budget is legally enacted by a vote of the Advisory Board.

#### Funding

The Authority's operations are funded through fares from riders and assistance provided under various federal, state, and local grants. Reimbursement under these grants is based on expenses incurred during the fiscal year and is subject to certain compliance regulations.

#### **Capital Grants**

The Authority's capital assets are generally acquired with federal, state and local capital grants. These assets are owned by the Authority and included in property and equipment. Proceeds received from dispositions of these assets must be either refunded to the grantor agency or used to acquire new capital items. Capital grant revenues are reflected in the Statement of Revenues, Expenses and Changes in Fund Net Position as capital contributions.

#### **Cash and Equivalents**

For purposes of the statements of cash flows, the Authority considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

#### **Accounts Receivable**

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Changes in the valuation allowance have not been material to the financial statements.

#### Inventory

Inventory is stated at the lower of acquisition cost or net realizable value. Cost is determined by the first-in, first-out method.

#### NOTE 1 - (Continued)

#### **Property and Equipment**

Property and equipment are recorded at acquisition cost and depreciation is calculated using the straight-line method over three to forty year lives.

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Subsequent Events**

Management has evaluated subsequent events through August 24, 2018, the date which the financial statements were available to be issued.

#### **Concentration of Source of Supply of Labor**

The Authority signed a contract effective July 1, 2013 for its fixed route and some of its paratransit and demand response transportation services with Franklin Transit Management, Inc. (FTM), a division of First Transit, Inc. The contract has been extended for one year, expiring on June 30, 2019.

Approximately ninety percent (90%) of FTM's employees are members of the Local 274 United Electrical, Radio and Machine Workers of America Union. FTM's labor agreement with the Union is effective through March 31, 2021.

#### **Comparative Data**

Certain prior year amounts may have been reclassified to conform to the current year presentation.

#### NOTE 2 - DEPOSITS AND INVESTMENTS

State and local statutes place certain limitations on the nature of deposits and investments available to the Authority. Deposits, including demand deposits, money markets and certificates of deposit in any one financial institution, may not exceed certain levels unless collateralized by the financial institution involved. Investments may be made in unconditionally guaranteed U.S. Government obligations having maturities of a year or less from the date of purchase, or through repurchase agreements with maturities of no greater than 90 days in which the underlying securities consist of such obligations. Other allowable investments include authorized bonds of all states, banker's acceptances, commercial paper rated within the three highest classifications established by rating agencies, and units in the Massachusetts Municipal Depository Trust.

#### **Custodial Credit Risk Related To Deposits**

Custodial credit risk is the risk that in the event of bank failure, the Authority's deposits may not be returned. The Authority carries deposits that are insured by FDIC or State depository insurance or collateralized. Insured bank deposits as of June 30, 2018, were \$660,181. Uninsured bank deposits as of June 30, 2018 were \$-0-

## NOTE 3 - RECEIVABLES CONSISTED OF THE FOLLOWING AT JUNE 30:

	 2018	_	2017
Federal			
Operating assistance	\$ 1,031,563	\$	868,837
Capital assistance	 		41,361
Total Federal	 1,031,563		910,198
Massachusetts			
Operating assistance	3,126		35,000
Capital assistance	92,910		140,545
Brokerage services	 674,219		522,011
Total Massachusetts	 770,255		697,556
Member communities			
Operating assistance for current year expenditures	456,227		445,100
Operating assistance for prior year expenditures	 145,908		134,303
Total member communities	 602,135		579,403
Other receivables	 75,371		26,995
Total receivables	\$ 2,479,324	\$	2,214,152

The federal government under 49 USC Section 5311, provides for assistance of up to 50% of the Authority's operating deficit. In addition, under 49 USC Sections 5309, 5310 and 5311, the federal government may provide 80% to 100% of the cost of capital equipment.

Massachusetts general laws require the operating assistance assessed upon member communities be at least 25% of net cost of service including new services. The local assessment can be increased by a maximum of 2.5% over the previous year's local assessment plus 25% of the cost of new service.

The Authority has a contract with the Commonwealth of Massachusetts under which the Commonwealth agrees to provide operating assistance for a portion of the operating deficit remaining after any federal grants and the local assistance have been applied.

## NOTE 4 - WORKING CAPITAL HELD BY FIXED ROUTE OPERATOR

Franklin Transit Management, Inc. (FTM) is the fixed route operator for the Authority. They also operate a portion of the demand response service for the Authority. The assets and liabilities held by FTM are owned by the Authority and consist mainly of cash, inventory, prepaid expenses, and accounts payable and accrued wages. The value of these assets less liabilities held by FTM as of June 30, 2018 and 2017 was \$65,000 and are reported as working capital in the Authority's financial statements.

#### NOTE 6 - NOTES PAYABLE CONSISTED OF THE FOLLOWING AT JUNE 30:

The Authority is subsidized by local assessments received from its Member communities for its annual "Net Cost of Service". The Authority is also subsidized by the Federal government. These subsidies are funded subsequent to the year in which the costs are incurred. Therefore, the Authority issues revenue anticipation notes to cover cash flow deficiencies until funding is received.

Revenue anticipation notes consisted of the following for the year ended June 30:

		2017			
1.50% Revenue anticipation note, due August 10, 2018	\$	750,000			
0.83% Revenue anticipation note, due August 11, 2017			\$	750,000	
Total	\$	750,000	\$	750,000	

On August 10, 2018, the Authority issued a \$1,100,000 revenue anticipation note maturing on August 9, 2019 at a rate of 2.50%. The Authority repaid the \$750,000 note due August 10, 2018.

The Commonwealth is required pursuant to Section 10 of Chapter 161B of the Massachusetts General Laws to pay to the Authority amounts duly certified by the Administrator as necessary to pay the principal and interest on these notes if sufficient funds are not otherwise available; the obligation of the Commonwealth to pay such amounts to the Authority is a general obligation of the Commonwealth and the full faith and credit of the Commonwealth is pledged to make such payments.

## NOTE 7 - NET POSITION CONSISTED OF THE FOLLOWING AT JUNE 30:

			2018		
	Invested in capital assets, net of debt	Invested in Capital Funded Inventory	Restricted	Unrestricted	Total
Net income (loss)				\$ (24,598)	\$ (24,598)

## NOTE 8 - TRANSPORTATION CONTRACTS CONSISTED OF THE FOLLOWING AT JUNE 30, 2018:

- A. The Authority provided eight fixed routes with the hub being in Greenfield going to Northampton, Orange, Shelburne/Charlemont, Sunderland, and other locations within Greenfield and Montague. During the year ended June 30, 2018 the Authority contracted with Franklin Transit Management, Inc. (FTM), a division of First Transit, Inc., to provide this service, with direct reimbursement for expenses and a management fee paid. FTM operated thirty-six of the Authority's fifty-one vehicles providing regular maintenance and drivers.
- B. The Authority contracted with twelve vendors to provide transportation for Human Service Programs. These services include transporting Department of Mental Assistance (DMA) clients to medical appointments, Department of Developmental Services (DDS) clients to Day Habs and work related programs, Department of Public Health (DPH) clients to Early Intervention REACH Programs, and Massachusetts Rehabilitation Commission (MRC) clients in compliance with its contracts with these agencies. Clients in these programs travel at no charge. Contractors bill the Authority at their contracted rate per ride and the Authority in turn bills DMA, DDS, DPH and MRC.
- C. Under agreement to the Authority, nine agencies, including six Councils on Aging (COA), and three private vendors, in addition to a group of volunteers, provided demand-response paratransit service to qualified elderly and disabled persons in their communities. Customers make fare payments to the COA's. The agencies submitted invoices to the Authority for payment less fares. Service was provided in the following towns.

Ashfield	Deerfield	Middlefield	Russell
Bernardston	Erving	Montague	Shelburne
Blandford	Gill	Montgomery	Shutesbury
Buckland	Goshen	New Salem	Southampton
Charlemont	Greenfield	Northfield	Southwick
Chester	Hatfield	Orange	Warwick
Chesterfield	Hawley	Petersham	Wendell
Colrain	Heath	Phillipston	Westhampton
Conway	Huntington	Plainfield	Whately
Cummington	Leyden	Rowe	Worthington

## NOTE 9 - PENSION PLAN

#### Plan

The Franklin Regional Retirement System (the Plan) is a cost-sharing, multiple-employer defined benefit pension plan that provides pensions for eligible employees of 38 participating employers. The Plan is a member of the Massachusetts Contributory Retirement System and is governed by Chapter 32 of the Massachusetts General Laws. The Plan does not have the authority to amend benefit provisions. The Plan is governed by a Retirement Board made up of five elected and appointed members.

Results of the Plan for fiscal year ended June 30, 2018 are based on liabilities developed in an actuarial valuation performed as of January 1, 2018. The Plan's measurement date is December 31, 2017.

Results of the Plan for fiscal year ended June 30, 2017 are based on liabilities developed in an actuarial valuation performed as of January 1, 2016 and rolled forward to the Plan's measurement date of December 31, 2016.

#### **Accounting Policy**

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **Plan Membership**

Plan membership consisted of the following at December 31:

	2017	2016
Active plan members	972	987
Inactive plan members or beneficiaries currently receiving benefits	601	581
Inactive plan members entitled to but not yet receiving benefits	614	557
Total	2,187	2,125

#### **Benefits Provided**

The Plan provides retirement, disability and death benefits. Retirement benefits are determined as a percentage of the member's final 3-year (5-year for members hired after April 1, 2012) average compensation times the member's years of service. The percentage is based on the age of the member at retirement and his or her Group classification. A member may retire after reaching the age of 55 and accumulating 10 years of service or after accumulating 20 years of service regardless of age. Benefits vest after 10 years of service. Cost-of-living adjustments of 3% of the first \$17,000 of annual retirement allowance are provided at the discretion of the System's Retirement Board.

#### Contributions

Plan members are required to contribute a percentage of their annual compensation that varies according to their membership date, as follows:

Prior to 1975:	5% of salary
1975 – 1983:	7% of salary
1984 – June 30, 1996:	8% of salary
July 1, 1996 – present:	9% of salary
1979 – present:	An additional 2% of salary in excess of \$30,000
Group 1 members hired on	
or after April 2, 2012:	6% of salary with 30 or more years of creditable service

Employer contributions are determined in accordance with the requirements set forth in Section 22D and 22F of Chapter 32 of the Massachusetts General Laws. The appropriation is comprised of the annual employer normal cost and amortization payments to pay the unfunded actuarial accrued liability.

#### NOTE 9 - (Continued)

#### **Actuarial Assumptions**

The total pension liability in the December 31, 2017 and 2016 actuarial valuations were determined using the following assumptions, applied to all periods included in the measurement:

Inflation:	3% per year
Salary increases:	Group 1: 6% - 4.25%, based on service Group 4: 7% - 4.75%, based on service
Investment rate of return:	7.75%, net of pension plan investment expense, including inflation

Mortality rates for the 2017 and 2016 actuarial valuations were based on the RP-2000 Mortality Table (base year 2009) with full generational mortality improvement using Scale BB. For disabled lives, the mortality rates were based on the RP-2000 Mortality Table (base year 2012) with full generational mortality improvement using Scale BB.

The long-term expected rate of return on pension plan investments for the 2017 and 2016 actuarial valuations were determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of arithmetic real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, are summarized in the following table:

	2	017	2016				
Asset Class	Target Allocation	Long-Term Expected Rate of Return	Target Allocation	Long-Term Expected Rate of Return			
PRIT Core	45%	6%	45%	5%			
Domestic Equity	27%	7%	27%	7%			
International Equity	5%	6%	5%	4%			
Real Estate	10%	7%	10%	7%			
Fixed Income	13%	3%	13%	5%			
Total	100.00%		100.00%	=			

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.75% for the 2017 and 2016 actuarial valuations. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made in accordance with Sections 22D and 22F of Chapter 32 of the Massachusetts General Laws. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Balance at December 31, 2017	\$189,640,566	\$143,920,151	\$ 45,720,415	\$	2,001,467	\$	1,518,934	\$	482,533				

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability, calculated using the discount rate of 7.75%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.75%) or 1 percentage point higher (8.75%) than the current rate:

	- / •	Decrease (6.75%)	Dis	Current count Rate (7.75%)	1% Increase (8.75%)		
Authority's proportionate share of the net pension liability as of December 31, 2017	\$	708,063	\$	482,533	\$	291,632	
Authority's proportionate share of the net pension liability as of December 31, 2016	\$	695,489	\$	499,209	\$	333,148	

#### **Payable to Pension Plan**

At June 30, 2018 and 2017, the Authority reported a payable of \$-0- for outstanding amounts of contributions to the pension plan.

#### Pension Liabilities, Expense and Deferred Inflows and Outflows of Resources

At June 30, 2018, the Authority reported a liability of \$482,533 for its proportionate share of the net pension liability (\$499,209 at June 30, 2017). The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension relative to the projected contributions of all participating System employers, actuarially determined. At December 31, 2017, the Authority's proportion was 1.06%, which was an increase of .11% from its proportion measured as of December 31, 2016 of .95%. Net pension liability, deferred outflows/inflows or resources and pension expense are allocated to each employer based on its proportionate share of total employer contributions. For the year ended June 30, 2018, the Authority recognized pension expense of \$94,097 (pension expense of \$119,502 for the year ended June 30, 2017). Contributions made subsequent to the measurement date of December 31, 2017 were \$36,957 (\$32,542 subsequent to December 31, 2016 measurement date).

## NOTE 9 - (Continued)

At June 30, the Authority reported deferred inflows and outflows of resources related to pensions from the following sources:

	2018					2017			
	Defer	red Outflow	Defe	erred Inflow	Deferred Outflow		Def	erred Inflow	
	of I	Resources	of Resources		of Resources		of	Resources	
Differences between expected and actual experience	\$	16,092	\$	864	\$		\$	1,084	
Net difference between projected and actual investment earnings on pension plan assets				45,242		42,961			
Changes in assumptions		35,353				42,501			
Changes in proportion and differences between employer contributions and proportionate share of contributions		56,926		10,128		29,640		16,192	
Contributions subsequent to the measurement date		36,957				32,542			
Total	\$	145,328	\$	56,234	\$	147,644	\$	17,276	

Deferred outflow and inflow of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	 2018	 2017
2019		\$ 61,658
2020	\$ 65,337	29,115
2021	29,734	30,535
2022	5,858	9,060
2023	 (11,835)	 
Total deferred outflows of resources	\$ 89,094	\$ 130,368

#### **Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report that includes financial statements and required supplementary information for the Plan. The Plan's report can be obtained by writing to Franklin Regional Retirement System, 278 Main Street, Suite 311, Greenfield, MA 01301.

#### NOTE 10 - COMMITMENTS AND CONTINGENT LIABILITIES

#### Fiscal year 2019 budget

For the fiscal year 2019, the Authority has approved an operating budget of \$7,100,760, which excludes depreciation expense. This budget includes grant-matching expenditures, which the Authority is required to meet as its share of federal and state programs.

#### Federal and State funding

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal and state governments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. As of the date of the financial statements, the Authority is not aware of any expenditure that may be disallowed by a grantor.

#### Risk management

The Authority is exposed to various risks of loss related to torts, theft, damage and destruction of assets, errors and omissions, natural disasters, and workers compensation claims for which the Authority carries commercial insurance.

#### **NOTE 11 - OPERATING LEASES**

#### **Operating Lease Expense - Maintenance Facility**

The Authority leases a maintenance and operations facility located at 382 Deerfield Street, Greenfield, Massachusetts on a month-to-month basis. Total lease expense, including utilities and maintenance was \$96,820 and \$88,113 for the years ended June 30, 2018 and 2017, respectively.

#### **Operating Lease Revenue – Franklin Regional Transit Center**

The Authority, as owner and landlord, entered into an agreement to lease office and shared common space to Franklin Regional Council of Governments (FRCOG). The term of the lease is for thirty (30) years, starting July 1, 2012, with two ten year extensions. The base rent is one dollar (\$1.00) per year. The FRCOG is responsible for its share of operating and electricity costs as defined in the lease agreement. Three Advisory Board members are also council members of the FRCOG. Total rental income was \$92,293 and \$93,894 for the years ended June 30, 2018 and 2017, respectively.

# NOTE 12 - SALARIES AND OTHER ADMINISTRATIVE EXPENSES CONSISTED OF THE FOLLOWING FOR THE YEARS ENDED JUNE 30:

#### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Advisory Board of the FRANKLIN REGIONAL TRANSIT AUTHORITY 12 Olive Street, Suite 1 Greenfield, MA 01301

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Franklin Regional Transit Authority, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Franklin Regional Transit Authority's basic financial statements, and have issued our report thereon dated August 24, 2018.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Franklin Regional Transit Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Franklin Regional Transit Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Franklin Regional Transit Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

 EMAIL: INFO@ADELSONCPA.COM

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Franklin Regional Transit Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
